

**Product: CHAT SOFA AND ARMCHAIR**

*Dolly* is a new family of modular sofas, armchairs and benches created to furnish public spaces. The sofa and the armchair are available with high backrest, *Chat* and *Eremo*, that has the function of privacy screen. It can be configured with two sofas, facing each other and linked by a technical panel. The padded panel can be equipped with wired table and TV arrangement.

Inside the collection there are also coffee tables, that can be linked to the sofa/armchair front leg and freestanding tables. Sofa and armchairs can be upholstered in fabric or leather (not removable). While *Chat* sofa and panel can be upholstered with two different fabrics (one for inner shell and the other for exterior shell, to be defined when ordering).

*Dolly Desk* is available with H76 desk integrated in the lined backrest, for a temporary isolated workstation, with visual and acoustic privacy.

It is possible to add a canopy to *Dolly Eremo* and *Dolly Desk* to increase the privacy.
